

Celebrating 10,000 CP³P Foundation Exams

The CP³P (Certified PPP Professional) is the definitive certification program for individuals involved in planning and executing public-private partnership initiatives.

The program is underpinned by the PPP Guide, the Body of Knowledge (BoK) on public-private partnerships (PPPs), which helps public officials and their advisors implement efficient, sustainable PPPs.

The program is an innovation of the Asian Development Bank (ADB), the European Bank for Reconstruction and Development (EBRD), the Inter-American Development Bank (IDB), the Islamic Development Bank (IsDB), the World Bank Group (WBG) and part funded by the Public-Private Infrastructure Advisory Facility (PPIAF).

Feedback from partners and the accredited training community:

“ I have had the opportunity to deliver multiple CP³P course at all its three levels for public and private sectors in several countries all around the world. The benefit of these courses were not only the many friends that I found throughout the world and many lessons that I learned, but also the firm belief that having a “common language” built by the CP³P program is very crucial for PPP projects with many stakeholders involved globally. ”

Hossein Nourzad, PhD, CP³P Accredited Trainer, Training ByteSize

“ Congratulations to APMG for 10,000 CP³P Foundation exams! Throughout the delivery of numerous exams, we have witnessed novice professionals embark on their careers, and seasoned professionals have sought to formalize their knowledge through this program. Throughout the years, the Foundation program has become a cornerstone of our training services, consistently ranking as one of the most requested programs. It has proven to be an invaluable starting point in the development of our comprehensive capacity development framework. ”

Toraza Zentih, CP³P Accredited Training Organization

“ As a recent certified trainer on the APMG PPP Foundation, I was privileged to offer the course to a group of public sector officials in Cameroon. The breadth and depth of the Foundation course was a catalyst to fruitful debates among the participants in relation to the practical application of PPP in the local context. The Foundation course provided the participants the rigor and analytical tools to not only establish a robust PPP framework as well as assess and evaluate a PPP transaction. ”

Aristide Tekeu, Trainer, PPP Training Online

“ The collaborative and insightful training approach, combined with real-world case studies and Indonesian context, ensures that participants not only grasp theoretical concepts but also gain practical insights. As a training organization, it is with immense pride that we continue to offer this program, knowing that it contributes significantly to the professional development of individuals involved in PPP projects. ”

Andre Permana, Accredited Trainer - Business Director, PT Penjaminan Infrastruktur Indonesia

“ As an APMG accredited CP³P trainer, the APMG CP³P training materials and QMS are very helpful and facilitate me in delivering the material in a structured manner so that the trainees can absorb information optimally, discussions run smoothly, and experience sharing can enrich the insights of both participants and trainers on PPP implementation in the context of Indonesia and best practices in the world. ”

Shiddarta, Lead Trainer ATO, PT Penjaminan Infrastruktur Indonesia

“ In my opinion, to reap the benefits of PPPs, it is the finest tool to create awareness regarding best practices amongst professionals in government...” ... “I have witnessed a positive shift in attitude towards PPPs in professionals having undergone the CP³P course. ”

Amandeep Singh Virk, PPP Specialist (ST Consultant) at The World Bank

“ Overall, I truly think that the CP³P certification program, and this 10,000 threshold demonstrates it has made and will continue to make a real contribution to the development of the PPP markets around the world. ”

Jean Alexandre Blanchard, Director – Opening to Competition of the Regional and Urban Railway Sector at Île-de-France Mobilités
